Section VI Health Hazard Data

Route(s) of Entry:

Inhalation: YES

Skin: YES

Ingestion: YES

Health Hazard(Acute and Chronic): No danger under normal use.

Carcinogenicity:

NTP? N/A

IARC Monographs?

OSHA Regulated?

N/A

N/A

Signs and Symptoms of exposure: Can be irritating to the eye

Medical Conditions Generally Aggravated by Exposure: None

Emergency and First Aid Procedure:

Eye Contact: Wash with water for 15 minutes or until irritation is relieved. See a doctor if this

does not relieve irritation.

Skin Contact: Wash thoroughly with soap and water.

Inhalation: Rest quietly in a well ventilated place. See a doctor immediately for breathing

problems or other discomfort after inhaling excessive vapor or mist.

Ingestion: Seek medical treatment

Mucosal Contact: N/E

Section VII Precautions for Safe Handling and Use

Steps to be taken in case Material is Released or Spilled:

Immediately remove all sources of sparks, flames etc. Prevent oil from entering sewers, drains, and low or underground areas. Use sand, sawdust or some other suitable material to absorb the oil and clean up the spillage.

Waste Disposal Method: This oil is an industrial waste product and MUST be disposed off according to industrial waste disposal standers and regulations.

Precautions to be taken in Handling and Storing: Protect from heat and sunlight. Avoid open flames, temperature greater than 40°C, and powerful oxidizing

agents.

Other Precautions: N/E

Section VII Control Measure

Respiratory Protection(Specify Type): None needed under normal use.

Local Exhaust: None needed

Special: None needed

Ventilation: Mechanical:

Other: N/A Local building code for ventilation

Protective Gloves: None needed under normal use.

Eve Protection: None needed under normal use.

Other Protective Clothing or Equipment: None needed under normal use.

Work / Hygienic Practices: None needed

ABBREVIATIONS: N/E - Not Established

N/A - Not applicable
